

Supporting the construction of the first-ever Hindu School in Australia	
Party:	Australian Labor Party
Summary of proposal: The proposal would provide \$8.5 million in 2025-26 to support the construction of the first Hindu school in Australia. The proposal would be non-ongoing and start from 1 July 2025.	
Additional information (based on further advice provided) The proposal would also provide \$400,000, evenly spread over 4 years from 2025-26, for the NSW independent school approved authority for contract management costs.	

Costing overview

The proposal would be expected to decrease the fiscal and underlying cash balances by \$8.9 million over the 2025-26 Budget forward estimates period (see Table 1). This impact reflects an increase in administered expenses.

The proposal would not be expected to have an impact beyond the 2025-26 Budget forward estimates period, other than for public debt interest (PDI) costs. A breakdown of the financial implications (including separate PDI tables) over the period to 2035-36 is provided at Attachment A.

The Parliamentary Budget Office (PBO) has not made any assessment as to whether the specified funding would be sufficient to meet the objectives of the proposal.

Table 1: Supporting the construction of the first-ever Hindu School in Australia – Financial implications (\$m)^{(a)(b)}

	2025-26	2026-27	2027-28	2028-29	Total to 2028-29
Fiscal balance	-8.6	-0.1	-0.1	-0.1	-8.9
Underlying cash balance	-8.6	-0.1	-0.1	-0.1	-8.9

(a) A positive number represents an increase in the relevant budget balance; a negative number represents a decrease.

(b) PDI impacts are not included in the totals.

Key assumptions and methodology

The proposal is capped at a fixed amount, distributed over 4 years from the commencement date as specified. Departmental expenses associated with supporting the construction of the Hindu school are expected to be small and are assumed to be absorbed within the relevant department. Administered expenses are as specified in the proposal. We assume that no funds allocated to a given year are left unspent.

Financial implications were rounded consistent with the PBO's rounding rules.¹

- (a) As this table is presented as a memorandum item, these figures are not reflected in the totals above. This is consistent with the approach taken in the budget where the budget impact of most measures is presented excluding the impact on PDI. If the reader would like a complete picture of the total aggregate, then these figures would need to be added to the figures above.
