

| Extending Revive Live | |
|--|------------------------|
| Party: | Australian Labor Party |
| Summary of proposal: The proposal would provide additional funding of \$16.4 million over 2 years to extend the Revive Live program to support Australia's live music venues and festivals. This would be in addition to the \$8.6 million provided in the 2025-26 Budget, bringing the total investment to \$25 million. The funding profile would be \$3.9 million in 2025-26, and \$12.5 million in 2026-27. The proposal would be non-ongoing and start on 1 July 2025. | |

Costing overview

The proposal would be expected to decrease the fiscal and underlying cash balances by around \$16.4 million over the 2025-26 Budget forward estimates period (see Table 1). This impact reflects an increase in administered and departmental expenses.

The proposal would not be expected to have an impact beyond the 2025-26 Budget forward estimates period, other than for public debt interest (PDI) impacts. A breakdown of the financial implications (including separate PDI tables) over the period to 2035-36 is provided at Attachment A.

The Parliamentary Budget Office (PBO) has not made any assessment as to whether the specified funding would be sufficient to meet the objectives of the proposal.

Key assumptions and methodology

The proposal is capped at a fixed amount, not indexed and distributed over 2 years from the commencement date as specified. Departmental expenses were estimated based on the cost of administering similar programs and are included within the capped funding amount. Administered expenses are as specified in the proposal, less expected departmental expenses. We assume that no funds allocated to a given year are left unspent.

Financial implications were rounded consistent with the PBO's rounding rules.¹

This is consistent with the approach taken in the budget where the budget impact of most measures is presented excluding the impact on PDI. If the reader would like a complete picture of the total aggregate, then these figures would need to be added to the figures above.
