

Boosting Alice Springs tourism	
Party:	Australian Labor Party
<p>Summary of proposal:</p> <p>The proposal would provide \$8.5 million over 2 years to reinvigorate Central Australia's tourism industry to develop new tourism experiences, attract visitors and back small business.</p> <p>The multi-pronged investment is designed to revitalise the region's tourism economy which has faced challenges in recent years. It includes marketing initiatives and targeted support to help operators and delivers both short and long-term opportunities.</p> <p>The package includes:</p> <ul style="list-style-type: none">• \$5 million for Tourism Central Australia to lead a targeted attraction campaign aimed at bringing visitors back to the Red Centre• \$2.5 million to establish an Alice Springs Tourism Development Fund, encouraging tourism operators to develop new and innovative offerings that will drive renewed interest and activity in the region• \$1 million in Revival and Resilience Grants to help small boutique tourism operators in Alice Springs stay open and operational while the sector continues to recover. <p>The proposal would be non-ongoing, distribute funding evenly 2 years and start from 1 July 2025.</p>	

Costing overview

The proposal would be expected to decrease the fiscal and underlying cash balances by around \$8.5 million over the 2025-26 Budget forward estimates period (see Table 1). This impact reflects an increase in administered and departmental expenses.

The proposal would not be expected to have an impact beyond the 2025-26 Budget forward estimates period, other than for public debt interest (PDI) costs. A breakdown of the financial implications (including separate PDI tables) over the period to 2035-36 is provided at Attachment A.

The Parliamentary Budget Office (PBO) has not made any assessment as to whether the specified funding would be sufficient to meet the objectives of the proposal.

Table 1: Boosting Alice Springs tourism – Financial implications (\$m)^{(a)(b)}

	2025-26	2026-27	2027-28	2028-29	Total to 2028-29
Fiscal balance	-4.3	-4.2	-	-	-8.5
Underlying cash balance	-4.3	-4.2	-	-	-8.5

(a) A positive number represents an increase in the relevant budget balance; a negative number represents a decrease.

(b) PDI impacts are not included in the totals.

- Indicates nil.

Key assumptions and methodology

The proposal is capped at a fixed amount, evenly distributed over 2 years from the commencement date. Departmental expenses were estimated based on the cost of administering similar programs and are included within the capped funding amount. Administered expenses are as specified in the proposal, less expected departmental expenses. We assume that no funds allocated to a given year are left unspent.

Financial implications were rounded consistent with the PBO's rounding rules.¹
