

Smithton Health Hub	
Party:	Australian Labor Party
<p>Summary of proposal:</p> <p>The proposal would provide funding of \$10.1 million in 2025-26 to deliver a new health hub for Smithton, Tasmania. The Smithton Health Hub would support the relocation of OCHRE Health services and would have facilities for visiting services and allied health professionals.</p> <p>The proposal would be non-ongoing and start on 1 July 2025.</p>	

Costing overview

The proposal would be expected to decrease the fiscal and underlying cash balances by around \$10.1 million over the 2025-26 Budget forward estimates period (see Table 1). This impact reflects an increase in administered expenses.

The proposal would not be expected to have an impact beyond the 2025-26 Budget forward estimates period, other than for public debt interest (PDI) impacts. A breakdown of the financial implications (including separate PDI tables) over the period to 2035-36 is provided at Attachment A.

The Parliamentary Budget Office (PBO) has not made any assessment as to whether the specified funding would be sufficient to meet the objectives of the proposal.

Key assumptions and methodology

The proposal is capped at a fixed amount in 2025-26 as specified. Departmental expenses are expected to be small and are assumed to be absorbed within existing resources of the relevant department. Administered expenses are as specified in the proposal. We assume that no funds allocated are left unspent.

Financial implications were rounded consistent with the PBO's rounding rules.¹
