

Red imported fire ant national response – independent review	
Party:	The Coalition
Summary of proposal:  The proposal would provide \$3 million in 2025-26 to conduct an independent review into the National Fire Ant Eradication program, in consultation with state and territory governments.  The proposal would be non-ongoing and start from 1 July 2025.	

## Costing overview

The proposal would be expected to decrease the fiscal and underlying cash balances by \$3 million over the 2025-26 Budget forward estimates period (see Table 1). This impact reflects an increase in departmental expenses.

The proposal would not be expected to have an impact beyond the 2025-26 Budget forward estimates period, other than for public debt interest (PDI) costs. A breakdown of the financial implications (including separate PDI tables) over the period to 2035-36 is provided at Attachment A.

The Parliamentary Budget Office (PBO) has not made any assessment as to whether the specified funding would be sufficient to meet the objectives of the proposal.

**Table 1: Red imported fire ant national response – independent review – Financial implications (\$m)<sup>(a)(b)</sup>**

	2025-26	2026-27	2027-28	2028-29	Total to 2028-29
Fiscal balance	-3.0	-	-	-	-3.0
Underlying cash balance	-3.0	-	-	-	-3.0

(a) A positive number represents an increase in the relevant budget balance; a negative number represents a decrease.

(b) PDI impacts are not included in the totals.

- Indicates nil.

## Key assumptions and methodology

The proposal is capped at a fixed amount of departmental expenses in 2025-26 as specified in the proposal. Departmental expenses are as specified. We assume that no funds allocated to a given year are left unspent. Financial implications were rounded consistent with the PBO's rounding rules.<sup>1</sup>
