

National Institute for Mental Health – expansion	
Party:	The Coalition
Summary of proposal:  The proposal would provide \$9 million annually to expand the remit of the National Centre for Excellence in Youth Mental Health, to establish it as the National Institute for Youth Mental Health.  The proposal would be ongoing, not indexed, and would start from 1 July 2026.	

## Costing overview

The proposal would be expected to decrease the fiscal and underlying cash balances by around \$27 million over the 2025-26 Budget forward estimates period (see Table 1). This impact reflects an increase in administered expenses.

The proposal would be expected to have an impact beyond the 2025-26 Budget forward estimates period. A breakdown of the financial implications (including separate public debt interest (PDI) tables) over the period to 2035-36 is provided at Attachment A.

The Parliamentary Budget Office (PBO) has not made any assessment as to whether the specified funding would be sufficient to meet the objectives of the proposal.

Underlying cash balance	-	-9.0	-9.0	-9.0	<b>-27.0</b>

(a) A positive number represents an increase in the relevant budget balance; a negative number represents a decrease.

(b) PDI impacts are not included in the totals.

- Indicates nil.

## Key assumptions and methodology

The proposal is capped at a fixed amount, provided annually from the commencement date as specified. Departmental expenses associated with providing funding to the National Centre for Excellence in Youth Mental Health are expected to be small and are assumed to be absorbed within existing resources of the relevant department. Administered expenses are as specified in the proposal. We assume that no funds allocated to a given year are left unspent.

Financial implications were rounded consistent with the PBO's rounding rules.<sup>1</sup>
