

Boost for food relief charities	
Party:	The Coalition
<p>Summary of proposal:</p> <p>The proposal would provide \$69.5 million over 4 years to food charities to expand their services and for some to include school breakfast programs.</p> <p>The funding profile would be \$39.5 million in 2025-26 and \$10 million per year in 2026-27, 2027-28 and 2028-29.</p> <p>The proposal would be non-ongoing and start on 1 July 2025.</p>	

## Costing overview

The proposal would be expected to decrease the fiscal and underlying cash balances by around \$73.0 million over the 2025-26 Budget forward estimates period (see Table 1). This impact reflects an increase in administered and departmental expenses.

The proposal would be expected to have an impact beyond the 2025-26 Budget forward estimates period. A breakdown of the financial implications (including separate public debt interest (PDI) tables) over the period to 2035-36 is provided at Attachment A.

The Parliamentary Budget Office (PBO) has not made any assessment as to whether the specified funding would be sufficient to meet the objectives of the proposal.

## Key assumptions and methodology

The proposal is capped at a fixed amount, distributed as specified over 4 years from the commencement date. Departmental expenses were estimated based on the cost of administering similar programs and are assumed to be in addition to the capped funding amount. Administered expenses are as specified in the proposal. We assume that no funds allocated to a given year are left unspent.

Financial implications were rounded consistent with the PBO's rounding rules.<sup>1</sup>
