

International climate finance	
Party:	Australian Greens
<p>Summary of proposal:</p> <p>The proposal would provide capped funding for international climate finance of:</p> <ul style="list-style-type: none">• \$1 billion in 2026-27 to support countries and communities affected by climate crises• \$4 billion annually from 2027-28 to 2030-31 to strengthen global climate action by increasing climate finance. <p>The proposal would be non-ongoing, not indexed and start from 1 July 2026.</p>	

Costing overview

The proposal would be expected to decrease the fiscal and underlying cash balances by \$9 billion over the 2025-26 Budget forward estimates period (see Table 1). This impact reflects an increase in administered expenses.

The proposal would be expected to have an impact beyond the 2025-26 Budget forward estimates period. A breakdown of the financial implications (including separate public debt interest (PDI) tables) over the period to 2035-36 is provided at Attachment A.

The Parliamentary Budget Office (PBO) has not made any assessment as to whether the specified funding would be sufficient to meet the objectives of the proposal.

Table 1: International climate finance – Financial implications (\$m)^{(a)(b)}

	2025-26	2026-27	2027-28	2028-29	Total to 2028-29
Fiscal balance	-	-1,000.0	-4,000.0	-4,000.0	-9,000.0
Underlying cash balance	-	-1,000.0	-4,000.0	-4,000.0	-9,000.0

(a) A positive number represents an increase in the relevant budget balance; a negative number represents a decrease.

(b) PDI impacts are not included in the totals.

- Indicates nil.

Key assumptions and methodology

The proposal is capped at a fixed amount, distributed over 5 years from the commencement date as specified. Departmental expenses associated with providing funding to the relevant international climate fund are expected to be small and are assumed to be absorbed within existing resources of the relevant department. We assume that no funds allocated to a given year are left unspent.

Financial implications were rounded consistent with the PBO's rounding rules.¹

Attachment A – International climate finance – Financial implications

Table A1: International climate finance – Fiscal and underlying cash balances (\$m)^(a)

	2025-26	2026-27	2027-28	2028-29	2029-30	2030-31	2031-32	2032-33	2033-34	2034-35	2035-36	Total to 2028-29	Total to 2035-36
Expenses													
Total – administered	-	-1,000.0	-4,000.0	-4,000.0	-4,000.0	-4,000.0	-	-	-	-	-	-9,000.0	-17,000.0
Total (excluding PDI)	-	-1,000.0	-4,000.0	-4,000.0	-4,000.0	-4,000.0	-	-	-	-	-	-9,000.0	-17,000.0

(a) A positive number for the fiscal balance indicates an increase in revenue or a decrease in expenses or net capital investment in accrual terms. A negative number for the fiscal balance indicates a decrease in revenue or an increase in expenses or net capital investment in accrual terms. A positive number for the underlying cash balance indicates an increase in receipts or a decrease in payments or net capital investment in cash terms. A negative number for the underlying cash balance indicates a decrease in receipts or an increase in payments or net capital investment in cash terms.

- Indicates nil.

Table A2: International climate finance – Memorandum item: Public Debt Interest (PDI) impacts – Fiscal and underlying cash balances (\$m)^{(a)(b)}

	2025-26	2026-27	2027-28	2028-29	2029-30	2030-31	2031-32	2032-33	2033-34	2034-35	2035-36	Total to 2028-29	Total to 2035-36
Fiscal balance	-	-22.0	-134.0	-317.0	-508.0	-709.0	-831.0	-868.0	-908.0	-949.0	-992.0	-473.0	-6,238.0
Underlying cash balance	-	-17.0	-106.0	-271.0	-461.0	-659.0	-801.0	-859.0	-898.0	-939.0	-981.0	-394.0	-5,992.0

(a) As this table is presented as a memorandum item, these figures are not reflected in the totals above. This is consistent with the approach taken in the budget where the budget impact of most measures is presented excluding the impact on PDI. If the reader would like a complete picture of the total aggregate, then these figures would need to be added to the figures above. For further information on government borrowing and financing please refer to the PBO's online budget glossary.²

(b) A positive number for the fiscal balance indicates an increase in revenue or a decrease in expenses or net capital investment in accrual terms. A negative number for the fiscal balance indicates a decrease in revenue or an increase in expenses or net capital investment in accrual terms. A positive number for the underlying cash balance indicates an increase in receipts or a decrease in payments or net capital investment in cash terms. A negative number for the underlying cash balance indicates a decrease in receipts or an increase in payments or net capital investment in cash terms.

- Indicates nil.
