

Increase Auslan interpreter availability, expand captioning requirements and establish a National Disability Telecommunications Service

Party: Australian Greens

Summary of proposal:

The proposal would:

- **component 1:** provide \$40 million in accessible public communications and ensure safe online platforms for disabled people by increasing Auslan interpreter availability, expanding captioning requirements
 - this capped funding would be non-ongoing, distributed evenly over 4 years from 2026-27 and include departmental expenses within the capped amount.
- **component 2:** provide ongoing funding to establish a National Disability Telecommunications Service
 - this includes initial funding of \$2 million, evenly spread over 2026-27 and 2028-29, followed by ongoing annual funding of \$2 million, indexed to the Consumer Price Index (CPI).

The proposal would start from 1 July 2026.

Costing overview

The proposal would be expected to decrease the fiscal and underlying cash balances by around \$34 million over the 2025-26 Budget forward estimates period (see Table 1). This impact reflects an increase in administered and departmental expenses.

The proposal would be expected to have an impact beyond the 2025-26 Budget forward estimates period. A breakdown of the financial implications (including separate public debt interest (PDI) tables) over the period to 2035-36 is provided at Attachment A.

The Parliamentary Budget Office (PBO) has not made any assessment as to whether the specified funding would be sufficient to meet the objectives of the proposal.

Table 1: Increase Auslan interpreter availability, expand captioning requirements and establish a National Disability Telecommunications Service – Financial implications (\$m)^{(a)(b)}

	2025-26	2026-27	2027-28	2028-29	Total to 2028-29
Fiscal balance	-	-11.0	-11.0	-12.0	-34.0
Underlying cash balance	-	-11.0	-11.0	-12.0	-34.0

(a) A positive number represents an increase in the relevant budget balance; a negative number represents a decrease.

(b) PDI impacts are not included in the totals.

- Indicates nil.

Key assumptions and methodology

Component 1 of the proposal is capped at a fixed amount, evenly distributed over 4 years from the commencement date. Departmental expenses were estimated based on the cost of administering similar programs and are included in the capped funding amount. Administered expenses are as specified in the proposal, less expected departmental expenses.

Component 2 of the proposal consists of departmental expenses as specified in the proposal. The CPI indexation applies only to the ongoing annual \$2 million funding for the National Disability Telecommunications Service from 2029-30 onwards.

We assume that no funds allocated to a given year are left unspent.

Financial implications were rounded consistent with the PBO's rounding rules.¹

Data sources

Commonwealth of Australia (2025) *Pre-election Economic and Fiscal Outlook 2025*, Commonwealth of Australia.

Departmental expenses were informed by similar measures in the Commonwealth budgets from 2015-16 to 2021-22.

(a) A positive number for the fiscal balance indicates an increase in revenue or a decrease in expenses or net capital investment in accrual terms. A negative number for the fiscal balance indicates a decrease in revenue or an increase in expenses or net capital investment in accrual terms. A positive number for the underlying cash balance indicates an increase in receipts or a decrease in payments or net capital investment in cash terms. A negative number for the underlying cash balance indicates a decrease in receipts or an increase in payments or net capital investment in cash terms.

- Indicates nil.

Table A2: Increase Auslan interpreter availability, expand captioning requirements and establish a National Disability Telecommunications Service – Memorandum item: Public Debt Interest (PDI) impacts – Fiscal and underlying cash balances (\$m)^{(a)(b)}

	2025-26	2026-27	2027-28	2028-29	2029-30	2030-31	2031-32	2032-33	2033-34	2034-35	2035-36	Total to 2028-29	Total to 2035-36
<i>Fiscal balance</i>	-	-0.2	-0.7	-1.3	-1.9	-2.3	-2.5	-2.7	-2.9	-3.1	-3.4	-2.2	-21.0
<i>Underlying cash balance</i>	-	-0.2	-0.6	-1.1	-1.7	-2.2	-2.4	-2.6	-2.8	-3.1	-3.3	-1.9	-20.0

- (a) As this table is presented as a memorandum item, these figures are not reflected in the totals above. This is consistent with the approach taken in the budget where the budget impact of most measures is presented excluding the impact on PDI. If the reader would like a complete picture of the total aggregate, then these figures would need to be added to the figures above. For further information on government borrowing and financing please refer to the PBO's online budget glossary.²
- (b) A positive number for the fiscal balance indicates an increase in revenue or a decrease in expenses or net capital investment in accrual terms. A negative number for the fiscal balance indicates a decrease in revenue or an increase in expenses or net capital investment in accrual terms. A positive number for the underlying cash balance indicates an increase in receipts or a decrease in payments or net capital investment in cash terms. A negative number for the underlying cash balance indicates a decrease in receipts or an increase in payments or net capital investment in cash terms.
- Indicates nil.
