

Establish a National Aged Care Redress Scheme	
Party:	Australian Greens
<p>Summary of proposal:</p> <p>The proposal would provide \$35 million over 4 years to establish a National Aged Care Redress Scheme. The scheme would:</p> <ul style="list-style-type: none">• provide justice by implementing monetary payments for survivors of aged care harm• support recovery by offering psychosocial, social, and legal assistance to survivors and their families• acknowledge harm by establishing truth-telling forums and issuing an official apology• ensure safety by funding logistical support for survivors to transition to safer living spaces. <p>The proposal would be non-ongoing, distribute funding evenly over 4 years and include departmental funding from within the capped amount.</p> <p>The proposal would start from 1 July 2026.</p>	
<p>Additional information (based on further advice provided):</p> <p>Within the capped amount, \$20 million would contribute towards the cost of establishing a National Redress Agency and an advisory council.</p>	

Costing overview

The proposal would be expected to decrease the fiscal and underlying cash balances by around \$26.3 million over the 2025-26 Budget forward estimates period (see Table 1). This impact reflects an increase in administered and departmental expenses.

The proposal would be expected to have an impact beyond the 2025-26 Budget forward estimates period. A breakdown of the financial implications (including separate public debt interest (PDI) tables) over the period to 2035-36 is provided at Attachment A.

The Parliamentary Budget Office (PBO) has not made any assessment as to whether the specified funding would be sufficient to meet the objectives of the proposal.

Table 1: Establish a National Aged Care Redress Scheme – Financial implications (\$m)^{(a)(b)}

	2025-26	2026-27	2027-28	2028-29	Total to 2028-29
Fiscal balance	-	-8.8	-8.8	-8.7	-26.3
Underlying cash balance	-	-8.8	-8.8	-8.7	-26.3

(a) A positive number represents an increase in the relevant budget balance; a negative number represents a decrease.

(b) PDI impacts are not included in the totals.

- Indicates nil.

Key assumptions and methodology

The proposal is capped at a fixed amount, evenly distributed over 4 years from the commencement date. The capped \$20 million funding associated with establishing a National Redress Agency and an advisory council is departmental in nature. The remaining \$15 million funding to establish the National Aged Care Redress Scheme is administered in nature. We assume that no funds allocated to a given year are left unspent.

Financial implications were rounded consistent with the PBO's rounding rules.¹

- (a) As this table is presented as a memorandum item, these figures are not reflected in the totals above. This is consistent with the approach taken in the budget where the budget impact of most measures is presented excluding the impact on PDI. If the reader would like a complete picture of the total aggregate, then these figures would need to be added to the figures above.
