

**Science, industry and innovation – Supporting equitable and ongoing employment for researchers
- \$50 million annually for diversity in STEM**

Party: Australian Greens

Summary of proposal:

The proposal would provide \$50 million annually from 2026-27 to support diversity in Science, Technology, Engineering and Mathematics (STEM). This would include funding the Office of Diversity in STEM, expanding the STEM Equity Monitor, supporting diversity programs, and evaluating current initiatives.

The proposal would be ongoing, with funding indexed to the Consumer Price Index (CPI) and including departmental expenses in the capped amount.

The proposal would start from 1 July 2026.

Costing overview

The proposal would be expected to decrease the fiscal and underlying cash balances by around \$153.7 million over the 2025-26 Budget forward estimates period (see Table 1). This impact reflects an increase in administered and departmental expenses.

The proposal would be expected to have an impact beyond the 2025-26 Budget forward estimates period. A breakdown of the financial implications (including separate public debt interest (PDI) tables) over the period to 2035-36 is provided at Attachment A.

The Parliamentary Budget Office (PBO) has not made any assessment as to whether the specified funding would be sufficient to meet the objectives of the proposal.

Table 1: Science, industry and innovation – Supporting equitable and ongoing employment for researchers - \$50 million annually for diversity in STEM – Financial implications (\$m)^{(a)(b)}

	2025-26	2026-27	2027-28	2028-29	Total to 2028-29
Fiscal balance	-	-50.0	-51.2	-52.5	-153.7
Underlying cash balance	-	-50.0	-51.2	-52.5	-153.7

(a) A positive number represents an increase in the relevant budget balance; a negative number represents a decrease.

(b) PDI impacts are not included in the totals.

- Indicates nil.

Key assumptions and methodology

The proposal is capped at a fixed annual amount indexed to the CPI as specified. Departmental expenses were estimated based on the cost of administering similar programs and are included within the capped funding amount. Administered expenses are as specified in the proposal, less expected departmental expenses. We assume that no funds allocated to a given year are left unspent.

Financial implications were rounded consistent with the PBO's rounding rules.¹

Data sources

Commonwealth of Australia (2025) *Pre-election Economic and Fiscal Outlook 2025*, Commonwealth of Australia.

Departmental expenses were informed by similar measures in the Commonwealth budgets from 2015-16 to 2021-22.

Attachment A – Science, industry and innovation – Supporting equitable and ongoing employment for researchers - \$50 million annually for diversity in STEM – Financial implications

Table A1: Science, industry and innovation – supporting equitable and ongoing employment for researchers - \$50 million annually for diversity in STEM – Fiscal and underlying cash balances (\$m)^(a)

	2025-26	2026-27	2027-28	2028-29	2029-30	2030-31	2031-32	2032-33	2033-34	2034-35	2035-36	Total to 2028-29	Total to 2035-36
Expenses													
<i>Total – administered</i>	-	-47.5	-49.9	-51.2	-52.5	-53.8	-55.1	-56.5	-57.9	-59.3	-60.8	-148.6	-544.5
<i>Total – departmental</i>	-	-2.5	-1.3	-1.3	-1.3	-1.4	-1.4	-1.5	-1.5	-1.5	-1.6	-5.1	-15.3
Total (excluding PDI)	-	-50.0	-51.2	-52.5	-53.8	-55.2	-56.5	-58.0	-59.4	-60.8	-62.4	-153.7	-559.8

(a) A positive number for the fiscal balance indicates an increase in revenue or a decrease in expenses or net capital investment in accrual terms. A negative number for the fiscal balance indicates a decrease in revenue or an increase in expenses or net capital investment in accrual terms. A positive number for the underlying cash balance indicates an increase in receipts or a decrease in payments or net capital investment in cash terms. A negative number for the underlying cash balance indicates a decrease in receipts or an increase in payments or net capital investment in cash terms.

- Indicates nil.

Table A2: Science, industry and innovation – supporting equitable and ongoing employment for researchers - \$50 million annually for diversity in STEM – Memorandum item: Public Debt Interest (PDI) impacts – Fiscal and underlying cash balances (\$m)^{(a)(b)}

	2025-26	2026-27	2027-28	2028-29	2029-30	2030-31	2031-32	2032-33	2033-34	2034-35	2035-36	Total to 2028-29	Total to 2035-36
<i>Fiscal balance</i>	-	-1.1	-3.4	-5.8	-8.5	-11.3	-14.3	-17.5	-20.9	-24.6	-28.6	-10.3	-136.0
<i>Underlying cash balance</i>	-	-0.8	-2.8	-5.2	-7.8	-10.6	-13.5	-16.7	-20.1	-23.7	-27.6	-8.8	-128.8

(a) As this table is presented as a memorandum item, these figures are not reflected in the totals above. This is consistent with the approach taken in the budget where the budget impact of most measures is presented excluding the impact on PDI. If the reader would like a complete picture of the total aggregate, then these figures would need to be added to the figures above. For further information on government borrowing and financing please refer to the PBO's online budget glossary.²

(b) A positive number for the fiscal balance indicates an increase in revenue or a decrease in expenses or net capital investment in accrual terms. A negative number for the fiscal balance indicates a decrease in revenue or an increase in expenses or net capital investment in accrual terms. A positive number for the underlying cash balance indicates an increase in receipts or a decrease in payments or net capital investment in cash terms. A negative number for the underlying cash balance indicates a decrease in receipts or an increase in payments or net capital investment in cash terms.

- Indicates nil.
