

Establish a Great Forest National Park in Victoria	
Party:	Australian Greens
Summary of proposal: The proposal would commit \$9.8 million over 4 years to establish a 525,000-hectare Great Forest National Park in Victoria's Central Highlands and nominate the area for World Heritage listing. The proposal would be non-ongoing, include departmental funding from within the capped amount and start from 1 July 2025.	

Costing overview

The proposal would be expected to decrease the fiscal and underlying cash balances by around \$9.8 million over the 2025-26 Budget forward estimates period (see Table 1). This impact reflects an increase in administered and departmental expenses.

The proposal would not be expected to have an impact beyond the 2025-26 Budget forward estimates period, other than for public debt interest (PDI) costs. A breakdown of the financial implications (including separate PDI tables) over the period to 2035-36 is provided at Attachment A.

The Parliamentary Budget Office (PBO) has not made any assessment as to whether the specified funding would be sufficient to meet the objectives of the proposal.

Table 1: Establish a Great Forest National Park in Victoria – Financial implications (\$m)^{(a)(b)}

	2025-26	2026-27	2027-28	2028-29	Total to 2028-29
Fiscal balance	-7.5	-1.7	-0.3	-0.3	-9.8
Underlying cash balance	-7.5	-1.7	-0.3	-0.3	-9.8

(a) A positive number represents an increase in the relevant budget balance; a negative number represents a decrease.

(b) PDI impacts are not included in the totals.

Key assumptions and methodology

The proposal is capped at a fixed amount. The extent and distribution of departmental expenses were estimated based on the cost of previous Australian World Heritage nomination processes with a slight profile adjustment and are included within the capped funding amount. Administered expenses are as specified in the proposal, less expected departmental expenses. We assume that no funds allocated to a given year are left unspent.

Financial implications were rounded consistent with the PBO's rounding rules.¹

- (a) As this table is presented as a memorandum item, these figures are not reflected in the totals above. This is consistent with the approach taken in the budget where the budget impact of most measures is presented excluding the impact on PDI. If the reader would like a complete picture of the total aggregate, then these figures would need to be added to the figures above.
