

Establish Election Access Fund for disabled people	
Party:	Australian Greens
Summary of proposal: The proposal would provide \$5 million over 4 years to support disabled people to inclusively contest federal elections. The proposal would be non-ongoing, include departmental funding from within the cap amount, distribute funding evenly over 4 years and start on 1 July 2026.	

Costing overview

The proposal would be expected to decrease the fiscal and underlying cash balances by around \$3.8 million over the 2025-26 Budget forward estimates period (see Table 1). This impact reflects an increase in administered and departmental expenses.

The proposal would be expected to have an impact beyond the 2025-26 Budget forward estimates period. A breakdown of the financial implications (including separate public debt interest (PDI) tables) over the period to 2035-36 is provided at Attachment A.

The Parliamentary Budget Office (PBO) has not made any assessment as to whether the specified funding would be sufficient to meet the objectives of the proposal.

Table 1: Establish Election Access Fund for disabled people – Financial implications (\$m)^{(a)(b)}

	2025-26	2026-27	2027-28	2028-29	Total to 2028-29
Fiscal balance	-	-1.4	-1.2	-1.2	-3.8
Underlying cash balance	-	-1.4	-1.2	-1.2	-3.8

(a) A positive number represents an increase in the relevant budget balance; a negative number represents a decrease.

(b) PDI impacts are not included in the totals.

- Indicates nil.

Key assumptions and methodology

The proposal is capped at a fixed amount, evenly distributed (prior to rounding) over 4 years from the commencement date. Departmental expenses were estimated based on the cost of administering similar programs and are included within the capped funding amount. Administered expenses are as specified in the proposal, less expected departmental expenses. We assume that no funds allocated to a given year are left unspent.

Financial implications were rounded consistent with the PBO's rounding rules.¹
