

Agricultural demonstration program	
Party:	Australian Greens
Summary of proposal: The proposal would provide \$2 million over 4 years to the Australian Renewable Energy Agency (ARENA) to establish an agricultural demonstration and knowledge-sharing program. The proposal would be non-ongoing, distribute funding evenly over 4 years and start on 1 July 2025.	

Costing overview

The proposal would be expected to decrease the fiscal and underlying cash balances by around \$2 million over the 2025-26 Budget forward estimates period (see Table 1). This impact reflects an increase in administered expenses.

The proposal would be expected to have an impact beyond the 2025-26 Budget forward estimates period. A breakdown of the financial implications (including separate public debt interest (PDI) tables) over the period to 2035-36 is provided at Attachment A.

The Parliamentary Budget Office (PBO) has not made any assessment as to whether the specified funding would be sufficient to meet the objectives of the proposal.

Table 1: Agricultural demonstration program – Financial implications (\$m)^{(a)(b)}

	2025-26	2026-27	2027-28	2028-29	Total to 2028-29
Fiscal balance	-0.5	-0.5	-0.5	-0.5	-2.0
Underlying cash balance	-0.5	-0.5	-0.5	-0.5	-2.0

(a) A positive number represents an increase in the relevant budget balance; a negative number represents a decrease.

(b) PDI impacts are not included in the totals.

Key assumptions and methodology

The proposal is capped at a fixed amount, evenly distributed over 4 years from the commencement date. Administered expenses are as specified in the proposal. There are not expected to be any departmental expenses associated with the proposal as the relevant department would pass the funding through to ARENA.

Financial implications were rounded consistent with the PBO's rounding rules.¹
