

End Australia's epidemic of violence against women and children – research into frontline support services

Party: Australian Greens

Summary of proposal:

The proposal would provide \$10 million in 2025-26 to research unmet needs in frontline support services.

The proposal would be non-ongoing and start from 1 July 2025.

Costing overview

The proposal would be expected to decrease the fiscal and underlying cash balances by \$10 million over the 2025-26 Budget forward estimates period (see Table 1). This impact reflects an increase in departmental expenses.

The proposal would not be expected to have an impact beyond the 2025-26 Budget forward estimates period, other than for public debt interest (PDI) costs. A breakdown of the financial implications (including separate PDI tables) over the period to 2035-36 is provided at Attachment A.

The Parliamentary Budget Office (PBO) has not made any assessment as to whether the specified funding would be sufficient to meet the objectives of the proposal.
