

Supporting local community infrastructure projects	
Party:	The Coalition
<p>Summary of proposal:</p> <p>The proposal would provide \$1.2 billion over 4 years for grants to support local community infrastructure projects. A list of proposed projects is at Attachment B.</p> <p>The funding profile would be \$308.8 million in 2025-26, \$329.9 million in 2026-27, \$294 million in 2027-28 and \$241.7 million in 2028-29.¹</p> <p>The proposal would start on 1 July 2025.</p>	
<p>Additional information (based on further advice provided):</p> <p>The proposal would also provide additional funding to bring the total to \$1.6 billion over 4 years.</p> <p>The additional funding profile would be: \$157.8 million in 2025-26, \$114.7 million in 2026-27, \$96.6 million in 2027-28 and \$98.9 million in 2028-29.</p> <p>This funding would be partly offset by not proceeding with \$50 million allocated to the following projects funded through the 2025 Pre-Election Economic and Fiscal Outlook (PEFO) measure <i>Priority Community Infrastructure Program</i>:²</p> <ul style="list-style-type: none">• Bacchus Marsh Aquatic Centre (\$25 million)• Southern Suburbs Community Centre and Library (\$10 million)• Carss Park Pool (\$10 million)• Saltwater Reserve - Point Cook Community Hub (\$5 million).	

Costing overview

The proposal would be expected to decrease the fiscal and underlying cash balances by around \$1.6 billion over the 2025-26 Budget forward estimates period (see Table 1). This impact reflects an increase in administered and departmental expenses.

¹ The financial impacts included in the Coalition's [Our Plan for a Sustainable Budget](#) contained an offset relating to the 2025-26 Budget measure *Strengthening Medicare – Expanding Medicare Urgent Care Clinics*. This offset has been included in the costing *Permanently restoring 20 psychology sessions and investing in headspace centres, youth psychosis centres and additional Urgent Care Clinics* (ECR-2025-2164).

² This measure commits \$125.0 million over 2 years from 2025–26 for the *Priority Community Infrastructure Program* Round 2 to support community infrastructure projects across Australia. [2025 PEFO](#) (page 28).

The proposal would be expected to have an impact beyond the 2025-26 Budget forward estimates period. A breakdown of the financial implications (including separate public debt interest (PDI) tables) over the period to 2035-36 is provided at Attachment A.

The Parliamentary Budget Office (PBO) has not made any assessment as to whether the specified funding would be sufficient to meet the objectives of the proposal.

A breakdown of projects is provided in Attachment B.

Table 1: Supporting local community infrastructure projects – Financial implications (\$m)^{(a)(b)}

	2025-26	2026-27	2027-28	2028-29	Total to 2028-29
Fiscal balance	-458.8	-435.6	-400.8	-349.5	-1,644.7
Underlying cash balance	-458.8	-435.6	-400.8	-349.5	-1,644.7

(a) A positive number represents an increase in the relevant budget balance; a negative number represents a decrease.

(b) PDI impacts are not included in the totals.

Key assumptions and methodology

The proposal is capped at a fixed amount, distributed over 4 years from the commencement date as specified. Departmental expenses were estimated based on the cost of administering similar programs and are assumed to be in addition to the capped funding amount. Administered expenses are as specified in the proposal. We assume that no funds allocated to a given year are left unspent.

Financial implications were rounded consistent with the PBO's rounding rules.³

Data sources

Commonwealth of Australia (2025) *Pre-election Economic and Fiscal Outlook 2025*, Commonwealth of Australia.

Departmental expenses were informed by similar measures in the Commonwealth budgets from 2015-16 to 2021-22.

- (a) A positive number for the fiscal balance indicates an increase in revenue or a decrease in expenses or net capital investment in accrual terms. A negative number for the fiscal balance indicates a decrease in revenue or an increase in expenses or net capital investment in accrual terms. A positive number for the underlying cash balance indicates an increase in receipts or a decrease in payments or net capital investment in cash terms. A negative number for the underlying cash balance indicates a decrease in receipts or an increase in payments or net capital investment in cash terms.
- Indicates nil.

- (a) As this table is presented as a memorandum item, these figures are not reflected in the totals above. This is consistent with the approach taken in the budget where the budget impact of most measures is presented excluding the impact on PDI. If the reader would like a complete picture of the total aggregate, then these figures would need to be added to the figures above. For further information on government borrowing and financing please refer to the PBO's online budget glossary⁴.
- (b) A positive number for the fiscal balance indicates an increase in revenue or a decrease in expenses or net capital investment in accrual terms. A negative number for the fiscal balance indicates a decrease in revenue or an increase in expenses or net capital investment in accrual terms. A positive number for the underlying cash balance indicates an increase in receipts or a decrease in payments or net capital investment in cash terms. A negative number for the underlying cash balance indicates a decrease in receipts or an increase in payments or net capital investment in cash terms.
