

Explicit Teaching Accelerator Fund	
Party:	The Coalition
<p>Summary of proposal:</p> <p>The proposal would provide \$20 million over 3 years to deliver an Explicit Teaching Accelerator Fund. This fund would identify and back initiatives which drive the take-up of explicit teaching practices and professional development of educators.</p> <p>Funding would be distributed as \$0.5 million in 2025-26, \$7million each in 2026-27 and 2027-28 and \$6.9 million in 2028-29.</p> <p>The proposal would start from 1 July 2025.</p>	
<p>Additional information (based on further advice provided):</p> <p>Departmental expenses would be in addition to the \$20 million Explicit Teaching Accelerator Fund, with grants from the Fund to commence in the year after the proposal commences.</p>	

Costing overview

The proposal would be expected to decrease the fiscal and underlying cash balances by around \$21.4 million over the 2025-26 Budget forward estimates period (see Table 1). This impact reflects an increase in administered and departmental expenses.

The proposal would not be expected to have an impact beyond the 2025-26 Budget forward estimates period, other than for public debt interest (PDI) costs. A breakdown of the financial implications (including separate PDI tables) over the period to 2035-36 is provided at Attachment A.

The Parliamentary Budget Office (PBO) has not made any assessment as to whether the specified funding would be sufficient to meet the objectives of the proposal.

Table 1: Explicit Teaching Accelerator Fund – Financial implications (\$m)^{(a)(b)}

	2025-26	2026-27	2027-28	2028-29	Total to 2028-29
Fiscal balance	-0.5	-7.0	-7.0	-6.9	-21.4
Underlying cash balance	-0.5	-7.0	-7.0	-6.9	-21.4

(a) A positive number represents an increase in the relevant budget balance; a negative number represents a decrease.

(b) PDI impacts are not included in the totals.

Key assumptions and methodology

The proposal is capped at a fixed amount, distributed over 3 years from 2026-27 as specified.

Departmental expenses were estimated based on the cost of administering similar programs and are included in addition to the capped funding amount. Administered expenses are as specified in the proposal. We assume that no funds allocated to a given year are left unspent.

Financial implications were rounded consistent with the PBO's rounding rules.¹

(a) A positive number for the fiscal balance indicates an increase in revenue or a decrease in expenses or net capital investment in accrual terms. A negative number for the fiscal balance indicates a decrease in revenue or an increase in expenses or net capital investment in accrual terms. A positive number for the underlying cash balance indicates an increase in receipts or a decrease in payments or net capital investment in cash terms. A negative number for the underlying cash balance indicates a decrease in receipts or an increase in payments or net capital investment in cash terms.

- Indicates nil.

(a) As this table is presented as a memorandum item, these figures are not reflected in the totals above. This is consistent with the approach taken in the budget where the budget impact of most measures is presented excluding the impact on PDI. If the reader would like a complete picture of the total aggregate, then these figures would need to be added to the figures above. (b) A positive number for the fiscal balance indicates an increase in revenue or a decrease in expenses or net capital investment in accrual terms. A negative number for the fiscal balance indicates a decrease in revenue or an increase in expenses or net capital investment in accrual terms. A positive number for the underlying cash balance indicates an increase in receipts or a decrease in payments or net capital investment in cash terms. A negative number for the underlying cash balance indicates a decrease in receipts or an increase in payments or net capital investment in cash terms.
