

Legislate a National Suicide Prevention Act	
Party:	Australian Greens
Summary of proposal:	
The proposal would provide \$20 million per year to implement key elements of a legislated Suicide Prevention Act and to ensure alignment across all levels of government.	
The proposal would be ongoing, not be indexed and start from 1 July 2026.	

Costing overview

The proposal would be expected to decrease the fiscal and underlying cash balances by around \$60 million over the 2025-26 Budget forward estimates period (see Table 1). This impact reflects an increase in departmental expenses.

The proposal would be expected to have an impact beyond the 2025-26 Budget forward estimates period. A breakdown of the financial implications (including separate public debt interest (PDI) tables) over the period to 2035-36 is provided at Attachment A.

The Parliamentary Budget Office (PBO) has not made any assessment as to whether the specified funding would be sufficient to meet the objectives of the proposal.

Key assumptions and methodology

The proposal is capped at a fixed annual amount from the commencement date. Departmental expenses are as specified in the proposal. We assume that no funds allocated to a given year are left unspent.
